addenbrookes-roundabout](http://www.greatercambridge.org.uk/addenbrookes-roundabout)

The consultation closes at midday on **24 July 2023**

# Addenbrooke's roundabout

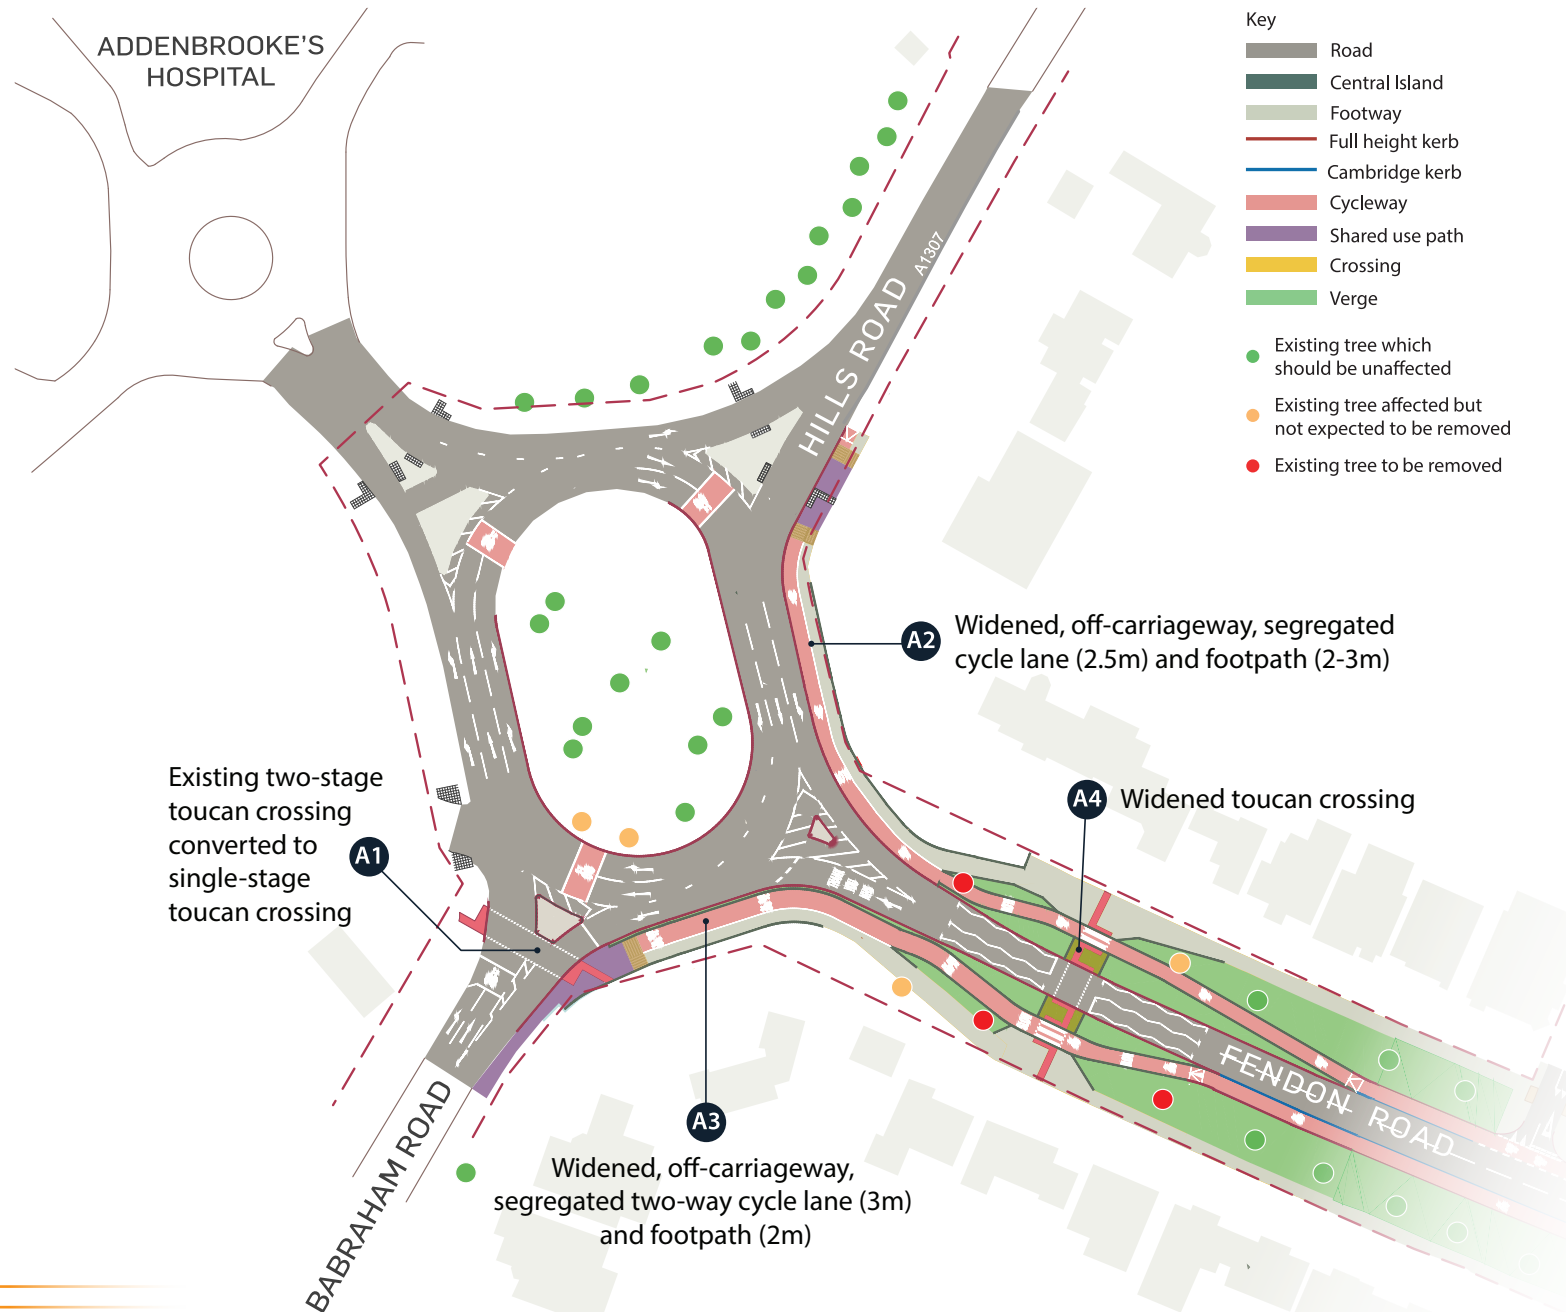

A significant revision to the cycling infrastructure on the Fendon Road arm of Addenbrooke's roundabout has been identified by Cambridgeshire County Council.

As this area falls within the Greater Cambridge Partnership's (GCP) Cycling Plus A1134 scheme, the GCP aims to fast track this area's design and construction. Additional funding from the Cambridgeshire and Peterborough Combined Authority (CPCA) has been secured on the basis of delivering this scheme by 2024.

The design would significantly widen the cycle lanes and footpaths on both sides of the Fendon Road arm, and reduce the central island of the roundabout while maintaining the existing lane widths.

There are also plans to replace the staggered two-stage crossing on Babraham Road with a single-stage crossing, to improve safety for pedestrians and cyclists.

Further upgrades to the other arms of the roundabout may follow but are not proposed as part of this consultation.

# How to tell us your views

We want to understand the views of local residents, businesses, stakeholders and all road users. This feedback will be vital in helping to shape how the final Addenbrooke's roundabout scheme designs are developed and taken forward.

Read more detail on the proposals and fill out the survey online at [www.greatercambridge.org.uk/addenbrookes-roundabout](http://www.greatercambridge.org.uk/addenbrookes-roundabout)

If you would like a hard copy of the consultation brochure please telephone 01223 699906 and we will post a copy to the address you give us.
